

SENSORY AND ACCESSIBILITY INFORMATION

Need a break from the excitement? Visit our Silent Skies Sensory Friendly Space at the Corner Brook Public Library. Look for the Silent Skies icon on the festival map!

We've collaborated with Autism Society NL to create a welcoming space where you can take a break from the sights, sounds and excitement of the festival.

All of our festival venues are wheelchair accessible. If you need any assistance, please find one of our festival volunteers or a member of the team at any venue, they'll be happy to help guide you in the right direction!

Don't miss our Sunday Community Collaboration Events!
